

## YES WE ARE OPEN!

Dear Customers:

Sharma Diesel is open for business, however the safety and health of our customers, employees, and community are of utmost importance to us.

We are following all CDC guidelines to make sure we can be helpful with slowing down the progress of Coronavirus. These are the steps that we have taken to do our part to prevent community spread

### What We Are Doing

If you are not comfortable coming into our shop then please remain at the front door and call us to pick up your part or repair.

If you need to do a pick up we will make sure you are in and out as quick as possible with social distancing in place.

You may also call us with your inquiry with us being able to ship your parts or repair to your location.

We are cleaning and disinfecting common areas every hour. This includes, the front counter, door knobs, restrooms, and hard goods.

Employees that are showing any symptoms of illness are staying home.

All of our employees are social distancing during work hours.

We have reduced the hours that we are open to make sure our staff is safe. We are open at 8 am daily to 4 pm until further notice.

Thank you for your support of local small businesses like ours. Together, we will get through this public health crisis and emerge stronger as a community.

Sincerely,

SHARMA DIESEL
